SOFT SKILLS

- Teamwork
- Time Management
- Problem Solving
- Effective Communication
- Critical Thinking

TECH SKILLS

- Full-stack Developer
- Chatbot Integration
- Machine Learning
- Data Structures
- Algorithms
- React (Intermediate)
- Node.js (Intermediate)
- MongoDB, PostgreSQL
- Computer Networking

LANGUAGES

- English (Conversational)
- Amharic (Fluent)
- Oromo (Basic)
- Sidama (Fluent)

PROFILE

Full-Stack Developer and CS Engineer specializing in building scalable web applications, PWAs, and AI-powered solutions using React, Node.js, TypeScript, Express, MongoDB and PostgreSQL. Experienced in delivering complete digital products from enterprise workflow platforms to AI chatbot integrations with clean architecture and responsive design. Eager to contribute to impactful projects and grow within the global tech community.

EDUCATION

Bachelor of Computer Science and Engineering 2022 - 2027
Adama Science and Technology University
CGPA: 3.67

PROJECTS

Healthcare Management Platform MAY 2026 - JUN 2026
A full-stack hospital management system with role-based access for admins, doctors, and patients. Features real-time appointment scheduling, digital medical records, prescription management, and automated reminders.
Technologies Used: *React, Tailwindcss, Node.js, MongoDB, Express*

Architectural Design Posting Website MAR 2026 - APR 2026
An e-commerce platform for discovering and ordering architectural design packages, featuring specification posts, project browsing, and admin management.
Technologies Used: *React, Tailwindcss, Node.js, MongoDB, Express*

Letter Management System JUL 2026 - SEP 2026
An enterprise workflow platform for the Sidama Innovation and Technology Agency (SITA), digitizing official letter registration, approval routing, document archival, and role-based audit tracking
Technologies Used: *React, Tailwindcss, Node.js, Express, PostgreSQL*

National ID Integration System AUG 2025- OCT 2029
Designed the flow for secure identity validation, built a clean interface for data verification steps, and connected front-end and back-end workflows.
Technologies Used: *React, Tailwindcss, Node.js, Express, MySQL*

ACHIEVEMENTS

Earned 10+ professional certifications from O'Reilly Media, Gebeya, and Make in MERN stack, API design, cybersecurity, and AI automation

Maintained a 3.67 CGPA in Computer Science and Engineering at Adama Science and Technology University
